Leading the Fight to Defend Jews and Israel-Judea-Samaria at the World Zionist Congress for 127 Years

ZOA Coalition's 127 Years of Leadership at the World Zionist Congress - Examples:

- ZOA's activism at the World Zionist Congress (WZC) began with the very first Congress in 1897, which launched the effort to “establish for the Jewish people a publicly and legally assured home in” our homeland.
- In 1919, ZOA together with the WZC helped negotiate the Jewish people's binding legal rights to the Land of Israel at the Paris Peace Conference.
- In 2015, ZOA Coalition initiated and successfully passed the WZC's anti-BDS resolution – which included preventing BDS targeting Judea and Samaria. Even though many said it couldn't be done! Leftwing groups were forced to stop their open calls to boycott products from Judea/Samaria!
- In 2019, ZOA Coalition initiated and successfully passed resolutions to further strengthen anti-BDS efforts – including adopting “buy-cott” programs to encourage purchases of Israeli products; a resolution “calling upon the Israeli Government to apply Israeli sovereignty to the Jordan Valley, and also to act to promote settlement in these areas”; and a resolution requiring WZO entities to use the correct names, Judea and Samaria – which is critical for defending the Jewish people's rights to the Jewish homeland.
- In 2024, ZOA Coalition obtained overwhelming passage of numerous important resolutions, including:
 - Calling for Diaspora university leadership and governments to protect Jewish and pro-Israel students;
 - Publicly condemning the Palestinian Authority (PA)'s “pay-to-slay” payments and terror incitement;
 - Opposing allowing the PA/PLO/Fatah to govern Gaza;
 - Condemning and calling for dismantling UNRWA (the UN organization that teaches Palestinian Arabs to hate and attack Jews, and whose employees participated in the October 7 atrocities);
 - Condemning the International Committee of the Red Cross for failing to visit and assist the hostages that Hamas terrorists kidnapped from Israel and took to Gaza;
 - Condemning the United Nations' violations of its charter, anti-Israel bias and refusal to condemn Hamas' October 7 atrocities, including sexual atrocities against women and children;
 - Promoting and strengthening Aliyah;
 - Calling for urgent Aliyah assistance to Jews facing extreme violence and the danger of extinction in India and other world communities;
 - Condemning Iran's role in the October 7 atrocities and calling for holding Iran accountable;
 - Condemning the brutal October 7 atrocities and supporting Israel's goals of eradicating the terrorist groups Hamas and Palestinian Islamic Jihad; assuring that Hamas and PIJ can never attack Jews, Israelis and others again; and bringing home all remaining hostages; and
 - Thanking, supporting and sending love and prayers to the brave IDF soldiers and security forces, and their families, displaced Israelis, bereaved families, and the hostages and their families.
